About Perth College of Beauty Therapy

Perth College of Beauty Therapy is a private college offering full time and part time courses in beauty and make-up training up to diploma level. Classes can be taken during the week, on Saturdays or in the evening.

Perth College of Beauty Therapy is a Registered Training Organisation, training to national standards and guidelines. It is also registered and accredited with ITEC an international examining body. It is CRICOS provider for overseas students.

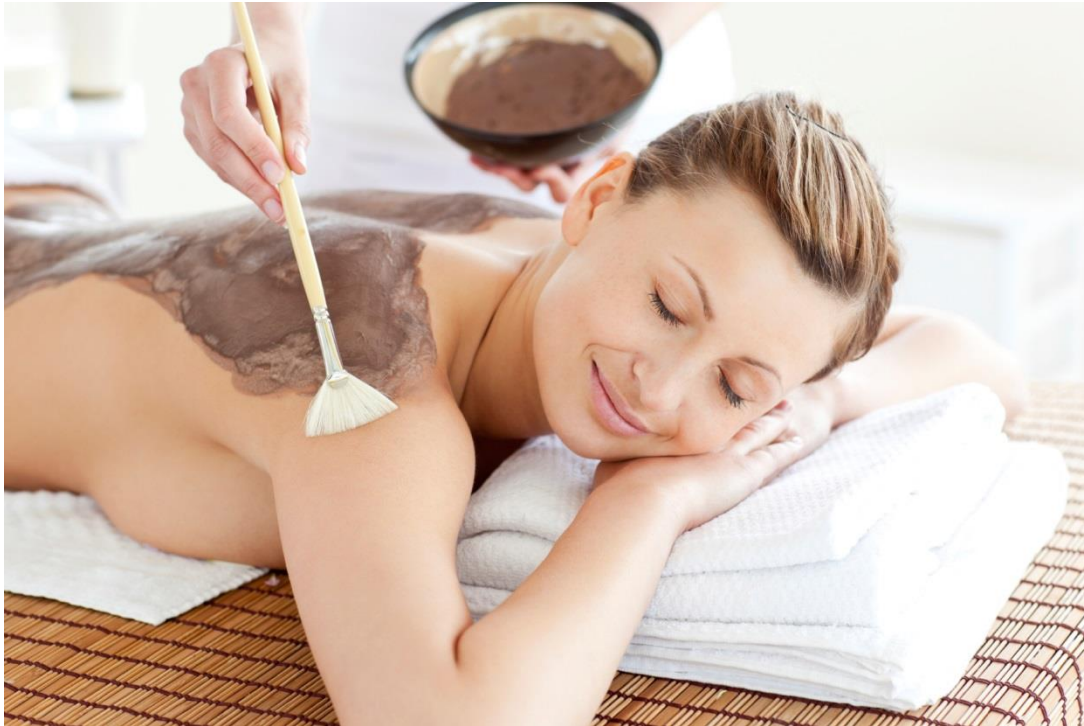

Established in 1987 in Subiaco, it has been in Victoria Park since 1998. The college relocated in April 2011 to renovated purpose built premises. Victoria Park is 3km from Perth city and is served by frequent buses which run past the college.

The rooms are bright, modern, air conditioned and heated throughout. As well as having traditional practical and theory classrooms, the college has dedicated fully equipped make-up and tanning training rooms, and a fully functional Student Training Salon. All rooms contain the latest technology for delivery of lessons with power point and electronic audio. There is WIFI throughout the college.

The experienced training staff have years of teaching and industry experience and hold national Certificate IV in Training & Assessment. They bring the real world into the classroom through theory and practical training, guest speakers, student training salon, product training and industry field trips.

Why is Perth College of Beauty Therapy a Leader in Beauty Training?

- ✓ Students have access to the latest technologies and equipment, including a state of the art spa capsule, combining a hydrotherapy tub, vichy shower heads, wet table, steam, aromatherapy, colour light therapy and hand-held hydrojet for hydromassage, this is a multipurpose unit.
- ✓ We regularly update our beauty training to meet demands and changes in the industry.
- ✓ We have regular contact with industry professionals who provide advice of changing trends and new products and services and who are actively involved in our courses.
- ✓ We aim for graduates to have great service and sales skills.
- ✓ We teach graduates to think for themselves, plan treatment programs and solve problems.
- ✓ We teach students to work quickly and efficiently, whilst maintaining a relaxing environment.
- ✓ We organise real and simulated salon environments for our students to gain confidence and experience in our in house Student Training Salon.
- ✓ Our experienced training staff have years of teaching and industry experience and hold the national Certificate IV in Training and Assessment.
- ✓ We have a great relationship with beauty salons and day spas to keep training relevant and to inform students of positions in the industry.
- ✓ Class numbers are capped, ensuring individual attention and guidance throughout the course.
- ✓ We train in the college with industry leading products. We are a Dermalogica training college.
- ✓ Our college has been purpose built for beauty and make-up training. Facilities include; reverse-cycle air-conditioning, student kitchen, shower facilities, large practical and theory class rooms, make-up studio, ventilated tanning room, Wi-Fi, projector equipment and electronic audio.

Frequently asked questions

What is the difference between a private college like yours and TAFE?

The major advantage is a private college will specialise in a particular field and be passionate about the industry they are teaching. Our training and administration staff have all worked or are still working in the industry. It means you are getting the best, most up-to-date skills and knowledge. Unlike a TAFE, we are also internationally recognised, which means we not only deliver a national training program but internationally recognised qualifications too for selected courses.

What is the difference between your college and other private colleges?

Our college strives to provide the highest quality training to our students, to help them become the best and most employable Beauty Therapist and Make-up Artist in the beauty industry. Our rules and regulations are in place to set the highest standards. These standards are evident in the beauty industry which gives us a great reputation.

Our students have access to the latest technologies and equipment including a state of the art spa capsule. This multipurpose unit combines a hydrotherapy tub, capsule containing vichy shower, wet table, steam, aromatherapy, colour light therapy and hand-held hydrojet for hydromassage.

We seek and act on feedback from students, employers and industry to ensure we continuously improve our courses and services to keep up with this ever changing field. Our PowerPoint delivery of all courses ensures consistency of information and treatments from Diploma to Certificate II level. The experience and passion of our lecturers shines through in their commitment to support students and offer real world experience in the college environment.

Perth College of Beauty Therapy is a Registered Training Organisation (RTO), and a CRICOS registered college for overseas students. We hold accreditation with an international examining body ITEC and are heavily regulated ensuring all our standards meet national and international levels.

What are ITEC?

ITEC is an independent international examining body for specialist make-up artists. International examiners come to the college to assess students on theory and practical knowledge. On successful completion, students will have qualifications recognised worldwide.

Why do we need to learn about anatomy and physiology?

Being a beauty therapist requires educating clients not only about looking after themselves on the outside, but also on the inside. Good nutrition and diet is a key factor in maintaining good health and wellbeing. These factors can affect our body systems and skin, so students must understand how they function.

Are there any pre-requisites for your courses?

There are no pre-requisites for most of our qualifications. The higher the qualification, the more services you will learn. Some of our workshops require previous knowledge, and these requirements are stated on the brochures. Our part time certificate courses are completed using a modular timetable. Students can start at any module. The only pre requisite for Specialised Facials (included in the Certificate IV) is students must have completed the Facial module first. Our certificate courses can be upgraded at any stage by adding additional modules.

How do the students gain experience before entering the workforce?

The general public are able to book treatments with our students here at the college in our Student Salon within the student's course. Students will perform a number of hours during their course giving them valuable hands on experience. Students can find their own work experience placement, and often gain employment once completing their course.

I want to work from home or set up a mobile beauty business, is there a course for me?

Yes, we have the perfect course for this. The Certificate IV in Beauty Therapy includes all the most popular beauty treatments. On completion of a module you are qualified in that area and can be working from home instantly. Other great treatments to offer at home are Spray Tanning and Eyelash Extensions. Both these courses have the option to purchase professional kits to start your business.

What products will I be training with?

At Perth college of Beauty Therapy we use only products that are leaders in the beauty and spa industry. We train our students with the professional brand Dermalogica, a worldwide leading skin care brand for over 25 years. Our make-up diploma students use Youngblood Mineral Cosmetics and a range of other professional brands including Kryolan, Mehron, San Soucis and much more. We pride ourselves on providing extensive knowledge to our students, which is why we invite other product companies to demonstrate their ranges to our students throughout the course.

What is the highest qualification in beauty?

The highest qualification is the one year, full time Diploma of Beauty Therapy. It gives students a wide variety of employment opportunities.

Testimonials

Crystal, Beauty Therapy Diploma

Our lecturer Leonie is excellent in her knowledge and style of delivery. She has a lovely calm manner and is able to control the class without yelling. I had a strong sense that our lecturer really wanted us to learn and be the best we can in our chosen career.

Dianna, Diploma of Specialist Make-up Services

Angelique was really a good teacher. She was really helpful and was always willing to lend a listening ear. Her passion and enthusiasm for the make-up industry contributed greatly to the learning process as well.

Donna, Waxing & Tinting

Our trainer was very helpful. She is a great tutor and tried to make sure everybody understood as much as possible.

Kayla, Diploma of Specialist Make-up Services

My teacher is a lovely person. She is a great lecturer in all aspects. I always came to class knowing that I was going to have a fun and exciting day.

Susan, Beauty Specialist Diploma

Brilliant tutor. Very approachable, easy to understand, enthusiastic and passionate. Thoroughly enjoyed learning from her.

Marie, Diploma of Beauty Therapy

Perth College gave me the skills and the opportunity to start my successful mobile beauty business- Pamper Patrol. The high level of training and experience helped me to work in one of Perth's top salons also to work while traveling

Cassie, Diploma of Specialist Make-up Services

Perth College of Beauty Therapy gave me the opportunity to compete in the IMATS make-up competition in Sydney, 2012

Paige, Diploma of Beauty Therapy

For anyone interested in the beauty industry as an ex-student I would defiantly recommend Perth College of Beauty Therapy. Spending a year and a half at the college I have really felt welcomed everyday by the staff, they are all very hardworking and dedicated to their job and take the time to listen to their students. I believe Perth College goes above the expectations of a beauty college :)

Bodesha, Diploma of Beauty Therapy

I'm enjoying the whole course, the training is incredible and I'm very fortunate to have such a great teacher whose aim is for your own improvement.

Career Opportunities

A career in the beauty industry is a great choice for you! Perth College of Beauty Therapy has name recognition and a great reputation within the industry. Here are some professional opportunities.

TRAVEL

Cruise Ships- Our Diploma of Beauty Therapy qualification allows you to work on board luxury cruise liners around the world. The cruise line recruitment officers visit the college every 6 months. A career at sea is a great way to see the world!
Health Retreats/Destination Resort Spas- Health retreats and day spas have become for some a necessity in modern day life, dedicated to caring for your health and wellbeing. They are often in exotic locations around the world.

SALON OR DAY SPA OWNER/MANAGER/THERAPIST

It is here that you can carry out all aspects of beauty and body treatments that you have perfected at our college.

SKIN CARE CENTRES/SKIN CARE REPRESENTATIVE

Successful graduates of our Beauty Specialist and Beauty Therapy diplomas become skin care specialists enabling them to specialise in advanced skin care treatments. Other levels of qualification can become cosmetic consultants for well-known skincare brands.

TRAINER

After experience in the industry and successfully completing further study in work place assessment and training, a career as a lecturer can be very rewarding.

HOME/MOBILE BUSINESS

It can be very rewarding both financially and socially to establish a home or mobile business and you can choose your own hours of operation to suit yourself.

MEDI SPA/SKIN CLINIC

Students who successfully complete a diploma in beauty therapy, beauty specialist or a certificate IV in beauty therapy, can work in the field of cosmetic medicine or advanced beauty. This allows them to work in the area of paramedical beauty therapy specialising in advanced skin treatments i.e. microdermabrasion, chemical peels and I.P.L.

MAKE-UP ARTIST

Students who have successfully completed the makeup diploma can work in many exciting fields such as film, theatre and fashion. Many also become freelance make-up artists in areas such as bridal, magazines, media and television.
